

UNDERGRADUATE SCHOLARSHIP - Swanson School of Engineering, University of Pittsburgh

Executive Summary:

The Swanson School proposes to establish at least 10 NRC Scholarships. Scholarship selection criteria will be in accordance with NRC's requirements and will be awarded to:

- Sophomores (rising juniors) in the Swanson School of Engineering for Junior and Senior years of study and juniors (rising seniors) for only the senior year of study.
- Students enrolled in the undergraduate Nuclear Engineering Certificate Program.
- Applicants who agree to the NRC's terms for this program, including the commitment to serve six months in nuclear-related employment for each partial or full year of scholarship support.
